

## Bayfield in winter – the perfect getaway.

It is known that visitors love the Bayfield summer, but its winter wonders, many love above all. The snowy season holds it all for the active sportsperson, or the quiet enthusiast. Winter in Bayfield has something for everyone.

### Some of the Best Ski Trails in Wisconsin!

Between Mt. Ashwabay and the Jerry Jolly Trail (part of the Bayfield County Trails System) there are endless miles of glorious trails for Cross Country Skiing, snowshoeing and of course hiking!

### Manypenny Madness Winter Carnival & Run on Water!

Every year the people of Bayfield gather for a weekend of fun outdoor activities. Events include the Annual Run on Water which travels along the ice road from Bayfield to Madeline Island and the annual Polar Bear Plunge! All monies raised this weekend are donated to the Bayfield Recreation Center.

### Dog sledding for all ages and skills!

Every year Bayfield hosts the Annual Apostle Islands Sled Dog Races. This is one of the largest races in the lower 48 states, and has hosted near 100 teams. Once the races are over there is still plenty of mushing to be done! For ½ day, full day or even overnight trips, there are two guides in the area looking forward to hosting you!

### Who says you can't fish in the winter?

One of the most common things you'll see on the Chequamegon Bay during the winter months is people fishing! Bayfield local guide, Jim Hudson would be thrilled to take you out on the ice for a great time of fishing and enjoying the breathtaking beauty of the Chequamegon Bay at this quieter time of year.

### And, for those looking for a bit of speed...

It is no secret that Midwesterners love to ride snowmobiles. What most don't know however is the amazing trails that the Chequamegon Bay has to offer. Riding through the hills and appreciating the views of the Apostle Islands is something not to be missed!

### One of the Bay's biggest jewels...

Every year the waters of Lake Superior crash up on the shores of Meyers Beach and the sea caves. All of this action forms some of the most beautiful ice formations anyone has ever seen. Once the sea caves become the ice caves you can explore through these amazing brownstone cliffs and ice formations. This is truly an adventure not to be missed and a view that is almost indescribable!
